

Dear Kim, David, and Levinson Axelrod staff,

This letter is written to express sincere gratitude for your efforts toward the successful outcome of our case. Your countless hours of research, correspondence, and guidance, through the process made us know we had chosen the best firm to represent us. Your team approach to winning, combining experience and wisdom with compassion and aggressiveness, was outstanding.

Furthermore, we thank you for your respect and courtesy during this very difficult time in our lives. Utilizing patience and understanding you dignified all of the emotions and heartache that we had undergone.

Lastly, thank you for proving that you would stop at nothing to ensure we could win our case. We know you left no rock unturned while gathering information and preparing for trial. We appreciated your trips to our home to clarify all details, and your extensive knowledge of the law and judicial system.

Sincerely,

Michael & Catherine Taeschler

*With sincere gratitude
and appreciation.*
