To Whom It May Concern,

I have been trying to find the right word to describe the support and guidance and comfort that Kim Gozsa provided to our family. In just 30 seconds our lives were crippled by a horrific accident that disabled my husband. Our lives went from right side up; to disheveled, and we were lost. I truly believe that we were meant to meet Kim; we were not her "clients" she treated us like family. The level of caring that she provides; the support that she is always there to lend, and the guidance she extended to both my husband and myself is above anything we have ever expected. Kim was a huge part of our lives for over three years; and her priorities were ALWAYS focused on the well-being of our family, and assisting my husband in any and all ways possible. It did not just stop with Kim; her partners talked with us as well; they were all superior to say the least. There was always an ease knowing that they were there for us. This situation was stressful on its own; however; they took the worry and concern off of our shoulders. Levinson Axelrod was our family's rock. So the more I think about it; there is not just one word or even a group of words that can describe the feeling that this law firm provides. This is more than just "hey they are great at what they do." This is a bond that you build, a support system that is there for you at all times. When life throws you a curve ball, and you feel like the world is caving in on you, Kim provided us that "breath" where we knew it was going to all be ok. That is something that we are forever grateful for, and Kim will always be an honorary member of our family!

Sincerely,
